RAK Porcelain specializes in designing, manufacturing, and supplying exquisite quality tableware, catering to the world. Headquartered in the United Arab Emirates, RAK Porcelain's production facility spans over 100,000 square meters. Equipped with state-of-the-art machinery capable of producing 38 million pieces annually of high alumina dinnerware and top-shelf accessories. Our core operable divisions are in Luxembourg, Pennsylvania, and UAE, which gives us a robust distribution network spanning 5 continents, where we reach over 165 countries. The company's easy to reach distribution strategy has resulted in partnerships with leading hotel chains, world-class restaurants, and business giants of the catering segment. Being one of the fastest growing tabletop enterprises, our products already serve as a canvas for chef creativity in more than 40,000 starred hotels, international airlines, premium cruise lines, convention centers, and stadiums, who proudly endorse us in various segments of our industry.

RAK Porcelain USA, located in Imperial, PA, has been serving America's tabletops for over 6 years. We offer a wide range of collections, including award-winning dinnerware, flatware, and glassware. Our mission is to passionately strive to attain excellence in local business operations and beyond, by raising the standards of our customers' expectations and deliver beyond that standard. Dinnerware is our specialty. RAK Porcelain's new bone china collection is a true game changer. The highlight of the range is that this collection is manufactured using certified natural mineral powders making it light weight and highly translucent. The radiant ivory gives the collection an incomparable ethereal beauty.

All RAK Porcelain products are inherently durable, especially our traditional ware, due to an industry high alumina body. The best part is that we produce dinnerware with ultra-high yields, translating to very affordable price points for the end user. Our wide range of patterns offer a rainbow of aesthetics.

Our custom decorating capabilities are unlimited. If you can imagine it, chances are RAK Porcelain can create it just for you.

LIFETIME LIMITED WARRANTY

RAK USA's Lifetime Limited Chip Warranty covers edge chipping on the rims for banquet weight pieces during ordinary or normal foodservice use.

Our Claims Procedure: RAK USA will replace, at no charge, pieces under the warranty, which are found to be defective with identical or equivalent replacement pieces on a one-to-one basis. RAK USA representatives reserve the right to inspect each piece to determine if the damage meets the limited warranty coverage criteria. Shapes covered by the limited warranty are Access, Anna, Banquet, Blossom, Charm, Choice, Classic, Classic Gourmet, Ease, Favourite, Genesis, Helm, Krush, Lace, Leon, Metropolis, Nano, Orion, Pixel, Roks, Rondo, Ska, Soul, Spot, Trinidad, Vintage, Wonder, Woodart and Youngstown.

Our Limited Warranty does not cover breakage of any RAK USA dinnerware pieces damaged from abusive issues. We reserve the right to determine whether the edge chipping is from normal foodservice use. Collections not covered by the limited warranty are Additions, Amaze, Ashore, Aztek, B.Concept, Bravura, Buffet, Chef's Classics, Chill, Cobbles, Edge, Evolution, Fedra, Fine Dine, Fire, Fractal, Hospital & Healthcare, Impala, Karbon, Kintzoo, Massilia, Mazza, Metalfusion, Neofusion, Nordic, Pebbles, Platinum, Ruby, Sensate, Shale, Shaped, Shared, Sketches and Zamma.

PRODUCT CARE

LIMITATION

- Microwave ovens: RAK USA dinnerware may be used in microwave ovens, however, collections with metallic decorations must not under any circumstances be subjected to this heating method, as the resulting electric sparks will damage your equipment.
- Our products are manufactured to resist hot temperatures without undergoing any alterations. Please consult your RAK USA representative for samples should you want to test our products further.

OPULENCE RANGE CARE & HANDLING METHOD

- This collection aspires to the pinnacle of fine dining and catering, using RAK's exclusive decoration techniques. METALFUSION, PEBBLES and COBBLES, were conceived by our research and development team. The double coating on these items is specifically designed for use in the hospitality industry. It is non-porous, contains no harmful agents or chemical products, and meets every mandatory standard for safe food contact. These items are hand decorated with pulverized enamel; the pieces are treated with a complex electrolytic process. To ensure the longevity of your products, special attention is required.

HANDLING – WASHING

- To protect the glaze, make sure to stack the items vertically without sliding them. Chips and cracks often occur because of incorrect handling during washing or storage. Do not tap the plates on the edge of the refuse bin. Instead, use a non-metal utensil or water to remove any surplus food on the plates. As with all dinnerware products, ensure you do not subject the items to sudden extreme temperature changes for example, by submerging a hot item in cold water.

YOUNGSTOWN

Durability, reliability and functionality all rolled into one, these are the core principles of the Youngstown collection. The products are easily stackable and have a heavily polished foot. We use a high alumina body and a high resistance glaze to provide a long-term solution dinnerware. The series includes all the essential items for daily use functions.

IVORIS

The Ivoris collection sets the table in warm white with its warm, ivory-like whiteness. This porcelain provides ultimate resistance against the inevitable knocks in the kitchen or dining room, protects against chemical aggressions due to maintenance and ensures high levels of safety for all contact with food products. The outstanding quality is due to the selection of the best raw materials, used notably for the vitrification of glazes.

The enamel is exceptionally resistant to scratches and cutlery marks and offers admirable longevity to its complete range. The variety of the different series offers infinite "mix and match" possibilities, to diversify your table setting and encourage you to combine series while always being protected by RAK Porcelain's quality standards.

POLARIS

With the Polaris collection, RAK Porcelain combines the finest raw materials with the expertise of the Research and Development department to produce a porcelain that is gleaming white. Every crucial detail has been taken into account in the production of this material in order to comply with constraints relating to the use in the hospitality industry and with its high levels of alumina oxides, the collection boasts a strength which is of a superior quality. This combination of fine materials and expertise results in an exceptionally strong and dazzling white vitro-porcelain called Polaris.

This collection consists of a large variety of series with different designs, offering shapes and forms for every occasion or food type and aiming to stimulate the creativity of chefs.

LE BALLET

Light as a feather yet sturdy as a bull, Le Ballet collection mirrors the frail appearance of ballerinas with their athletic and trained bodies. Legendary porcelain due to its very high mechanical and physical strength, Bone China shows great chip resistance, luminosity and an ethereal beauty. Made from natural mineral powder, RAK Porcelain's Bone China received all the required professional certifications by independent laboratories. As a leading dancer giving the performance of a lifetime, Bone China brings creativity into the limelight for culinary works of art to shine.

SUGGESTIONS

The extensive Suggestions collection is not just about shapes, but it helps chefs to express and create by fusing shapes with gastronomic ideas in each piece. The variety of products, which display minimalism and elegance, allows flexible applications and stimulates those seeking new horizons to perfect culinary experiences. The range also proposes presentation and service innovative solutions in different sizes for each moment of the dinner service.

RAKSTONE

The Rakstone collection was born with the creation of a new material arising from a desire to share unique memories. Food is one of the ultimate experiences that brings people together. We thought plates and bowls should reflect this warm spirit and match your ambition, by still remaining affordable.

Therefore, we paid great attention to details: high quality materials with earthy color tones. The inspiration comes from the process of hand modelling and decoration in traditional studio pottery.

We hope you will enjoy discovering Rakstone as much as we did designing it.

FUSION

The Fusion collection is a declaration of love to the creativity of chefs everywhere, reaching the highest levels of gastronomy. Tableware takes a decisive turn with the Fusion collection, towards a sensory experience of sight and touch with porcelain reminiscent of sandstone, earthenware, slate, wood or minerals.

The RAK Porcelain Research and Development Department has developed state-of-the-art manufacturing processes with an optimal finish. The RAK Porcelain manual glaze spraying technique is one of the most successful on today's market. All our designs, including the inks and colored glazes, follow strict specifications to deliver resistance and hygiene that far exceed market standards.

OPULENCE

The Opulence collection presents versatile personalities to set your mind on fire. This tableware collection regroups all our exclusive metal-inspired tableware ranges. These series embody the utmost sophistication thanks to an advanced technique for applying color with a gold, silver or bronze look.

The color of those precious metals associated with the black color of the items brings out the best in chefs' creations. Make a sensational entrance with its stunning presentation, followed by a sensuous eating experience with its unique textures and shades of color.
